The torpedo boats entered Gensan harbor at 5:30 this morning, shelled the settlement and sunk a small steamer and a small schooner. The torpedo boats left the harbor at 7:20. A total of 200 shells were fired into the settlement, but no serious damage resulted.

The despatches show that a Russian force reached Gensan June 29 and engaged the Japanese, inflicting losses. Gensan was then held by 1,200 Japanese infantry, with artillery and four hundred Korean soldiers. The Korean soldiers are disposed towards the Japanese. Two thousand Japanese infantry, with artillery, are quartered at Seoul, where there are many hospitals and enormous stores of provisions and munitions.

Kuropatkin's Plans Outlined By Berlin
Paper.

Berlin, July 1.—The Ta Tchei Kiao, correspondent of the Lokai, Kiao, under date of June 30, at 2:40 p. m., says he has had an interview with Kuropatkin regarding the military situation and declares the Russian general has decided to withdraw to Hai Cheng. Kuropatkin's correspondent says, left the First Siberian army corps and the Thirty-Fifth division at Kai Chau to protect his retreat. His headquarters are already established at Hai Cheng. The Second and Fourth army corps and the Tenth, Twelfth and Seventeenth divisions are south of Hai Cheng, the Fifth division and Major General Mitchenko's European Cossack brigade are detached. The Seventeenth army corps is expected to arrive soon at Liao Yang. General Mitchenko's forces have daily engagements with the Japanese. The Lokai Anzeiger editorially doubts that the Seventeenth army corps will reach Liao Yang before August.

Torpedo Boat At New Chwang Denies
Previous Story.

St. Petersburg, June 30.—A Russian torpedo boat has arrived at New Chwang from Port Arthur. Her commander denies that any Russian ship was sunk or damaged in the fight off Port Arthur June 23, and declares that she is carrying away the Japanese mines the whole Russian fleet returned safely to the harbor. The torpedo boat has come from Kuropatkin later than June 27, and not a single newspaper despatch has been received from the front since June 21, 21 hours. The silence is regarded as a sign of the coming storm. The Novoe Vremya denies the reports from Narva that two Japanese spies were arrested there Tuesday while masquerading as organ grinders.

CUTTING OFF KUROPATKIN

The Japanese Seek to Get In Above
Him.

Liao Yang, June 30.—The Japanese column which forced the passage of Motien pass is advancing on Liao Yang by the eastern road. The Russian force is held by General Count Keller in his fortified position commanding the road on the side of the pass. The object of the Japanese is to cut the Russians' communications northward of Liao Yang while Kuropatkin is operating in the vicinity of Hai Cheng with practically the whole of the Russian forces.

ALL KINDS OF STORIES

Told By Russian Officers of Torpedo
Boat.

New Chwang, June 30.—The Russian torpedo boat destroyer, Lieutenant Furukoff arrived here from Port Arthur Wednesday evening. The officers tell several stories. One is that the Japanese fleet has been completely defeated by the Russian fleet. Another is that Togo's report of the Russian fleet's exaggerated; that the Russians have made two cruises in the Gulf of Pe, Chi Li in five days, that the Port Arthur fleet has joined the Vladivostok squadron, and

Every inch of the boat was crowded with men. She had the appearance of having been in a general engagement, her bow gun having been shot away and it looks as if she had rescued many men.

St. Petersburg, June 30.—Kuropatkin reports that early on the morning of the 26th the Japanese occupied a position beyond Santiao, but Russian reinforcements coming up drove them back to Santiao. The battle was resumed at San Kuo Tung next morning when the Russians pursued the Japanese and silenced their batteries. Continuing the report he says: "From the morning of June 27th the Japanese developed a frontal attack against our troops in 72 passes simultaneously turning our right with at least a division of infantry and three field batteries. The fight lasted until 7:40 in the evening. In view of the enemy's great strength and our movement our troops retired slowly from the pass. The enemy did not advance. Our losses are undetermined, but are estimated at about 200."

NO PEACE YET.

Russia and Japan Not Ready to Listen
Overtures.
Washington, June 30.—While the officials here are satisfied from their private advices that the recent visit of King Edward to his nephew, Emperor William, was not brought about by a purpose to initiate a movement toward the restoration of peace between Russia and Japan, there is reason to believe that some very careful and discreet inquiries as to the opportunities of some such overtures at this time have emanated from Washington.

It may be stated that the result has been to disclose the fact that neither of the belligerent powers is yet in a humor to sue for peace nor is there a titbit of overture from any third power on that subject.

ITS ALL NEWS IN ENGLAND

ABOUT THAT COUNTRY SEEKING
TO BRING WAR TO AN END
BY MEDIATION.

NOT IN POSITION TO OFFER

King Was Told to Suggest Nothing to
Emperor—Japan Is Looking
For Any Help Just Now.

London, June 30.—The news from Washington that steps are being taken to have been taken looking toward mediation between Russia and Japan creates great surprise here. The British government not only has taken no part in such measures, but apparently is ignorant that they are in progress.

Official opinion here, from Premier Balfour down, is the time is not ripe for any offer of mediation; but to quote a person in Balfour's confidence, "Great Britain has kept the door open for any such contingency. It is not likely that this government will be acceptable in the role of arbitrator, but it would at the right time use all its influence to urge the belligerents to accept an offer from suitable mediator."

Warned Edward.
From the highest official sources here and from the Japanese legation comes the positive statement that nothing whatever has resulted from the interviews between King Edward and Emperor William at Kiel that in any way was connected with the Russo-Japanese war.

There is a strong probability that responsible ministers seriously warned King Edward that he must not initiate any step in that direction with his imperial nephew.

Only Informally.
The Japanese legation, it appears, made discreet inquiries as to whether or not this advice was carried out and it was stated there tonight that there was very reason to believe the war was not discussed at Kiel, except in a most informal and conversational way.

"It was also pointed out at the Japanese legation, which was entirely ignorant of any news in connection with movement towards mediation, that the present movement would be most inopportune, so far as Japan is concerned, for any such step.

Berlin, July 1.—A few newspapers here have discussed the political importance of the meeting at Kiel between King Edward and Emperor William and those which have discussed it confined themselves to general allusions. When they particularized at all it was in connection with the relations between Great Britain and Germany, the editorials looking upon the meeting as evidence that these relations were nominally cordial. No mention was made of the Russo-Japanese war in this connection.

SMITH'S EFFORT AT REFORM

In Matter of Primary Election Law
Was Defeated by an Overwhelming
Majority in Convention.

Detroit, June 30.—But two contests worthy the name marked the state republican nominating convention. One of these was a fight in the resolutions committee and in the convention by Congressman William Alden Smith of Grand Rapids and Charles Simmons of Detroit for a broader declaration in the platform in favor of a primary reform, than the county local option declaration favored by the so-called machine element of party and the other was in the nomination of the auditor general. Before the first ballot was finished, however, it was evident Warner had received a large majority and on Horton's motion the unanimous vote cast for Warner.

Smith Badly Beaten.
The amended resolutions prepared by Congressman Smith and Senator Simmons pledging the party to nomination of governor by direct vote was defeated 774 to 430. Three candidates were placed in nomination for auditor general: J. B. Bradley of Eaton Rapids; Malcolm J. McLeod of Detroit; E. A. Wilkey of Pawpaw. On the first ballot Bradley polled 496 votes, McLeod 349, Wilkey 249.

Before the ballot was announced a break was made for Bradley and with number deletion election on the floor asking for recognition change their votes. M. J. McLeod took the platform and moved the unanimous vote of convention be cast for Bradley. There was no opposition and Bradley was declared the nominee. There were four candidates for land commissioner: E. B. Nugent of Bay City; E. M. Gardner of Cheboygan; W. H. Rose of Clinton county; H. H. Woodruff of Rosemount county. Before the result of the first ballot was announced Rose's nomination was made unanimous. The ticket is as follows:

Governor—Fred M. Warner of Farmington.
Lieutenant Governor—Alexander Mathland of Negaunee.
State Treasurer—Frank P. Glazier of Chelsea.

Secretary of State—George A. Prescott of Tawas City.
Auditor General—E. R. J. Bradley of Eaton Rapids.

Attorney General—Charles A. Blair of Jackson.
Superintendent of Public Instruction—J. H. Kelley of Detroit.

Member of State Board of Education—L. L. Wright of Ironwood.
Land Commissioner—W. H. Rose of Clinton.

The platform indorses the platform adopted by the national convention at Chicago, indorses Roosevelt and Fairbanks and expresses confidence in a memorable victory for the state and "our fearless leader and typical republican, Theodore Roosevelt."

ARE STRIVING FOR PEACE

Minnesota Republicans Agree to Let
Chairman Clapp Name Credentials
Committee.

St. Paul, June 30.—The state republican convention had two short sessions today, and then following the program agreed upon by the leaders of partisans of various candidates, adjourned until tomorrow. The leaders had been in conference since last evening trying to devise a plan whereby the numerous from New York might be settled with as little friction as possible. It was finally determined to allow Chairman Clapp to appoint the credentials committee, seven members to represent the various counties and one from each adherent and one from the convention and to adjourn the convention until this committee had acted. This plan prevailed and the convention adjourned. The committee on credentials at once began the work of hearing the merits of the various cases presented to them.

CHAMPION ANDERSON LEADS

Has Best of the Play in First Half of
Western Golf Tourney at Grand
Rapids.

SMITH OF NASSAU SECOND.
Grand Rapids, Mich., June 30.—With one half the play in the west golf association tourney concluded, National (Champion) Willie Anderson leads the field with a score of 154—just 5 strokes better than the total of Alexander Smith of Nassau the title holder. Tied with Smith at 157 is Harry Turpie—also Anderson. The committee on credentials at once began the work of hearing the merits of the various cases presented to them.

Anderson is the favorite for honors. Today's struggle among experts practically resolves itself into a rivalry between St. Andrews of North Berwick and Chalmers of Scotland.

Anderson and Simpson are the opponents while Turpie is a St. Andrews product. Only two amateurs were left in the field and each is assured a medal. B. P. McKinnin of St. Louis with a commanding lead over G. P. Clingham Jr. of Homewood seems the likely winner of the gold medal.

In the list of 28 players McLeod of Rockford was fifteenth with a total of 169.

S. E. SWALLOW IS SELECTED

INDIANAPOLIS.

General Miles Telegraphed His Refusal
To Make the Race—Platform
Is Adopted.

Indianapolis, June 30.—The prohibition party national convention today nominated S. E. Swallow, of Pennsylvania for president and George W. Carroll of Texas for vice president.

The platform was adopted without argument after a long deadlock in the resolutions committee. It was described by L. H. Amos, of Oregon, secretary of the committee, as the broadest platform ever placed before the people by the party. In addition to planks on the liquor question it declares the party in favor of national arbitration, a suffrage law based on mental and moral qualifications, uniform laws for the country, and dependent, regular election of senators, civil service extension and initiative and referendum. The trust question was recognized by a demand for the application of the principles of justice to all corporations and labor. Reform of divorce law and polygamy denounced.

Miles Out Of It.
General Miles put an end to the movement to nominate him for president by sending to John G. Woodley a telegram from New York which reached him shortly after noon asking that his name be not presented. This has considered final and the movement to Swallow was unanimous, no other being considered.

Sinews of War.
Over sixteen thousand dollars was raised by subscription pledges for the floor of the convention which, with \$1,000 of the treasury, will be the nucleus of the campaign fund. National Chairman Stewart and National Secretary Tatro were re-elected.

The convention program closed tonight with a mass meeting at which addresses were made by National Chairman Stewart, John E. Woodley and other. Harrisburg, Pa., June 30.—The Patriot tomorrow will say:

RUN ON AURORA

CAUSED BY THE THEFT OF A
PLAIN WAS WASTED.

THE SHORTAGE IS \$90,000

Cashier is a Physical Wreck and Says
He Lost the Money in Unfortunate
Speculations.

How He Worked It.

Aurora, Ill., June 30.—The confessed shortage in the accounts of Cashier Plain caused a run on the Chicago American bank this morning, but in three hours there was no one in front of the teller's window and the run was apparently over. The directors said \$22,744 had been withdrawn.

The defaulter is a physical wreck. For three years he had borne the ceaseless strain of trying to hide the hole in the bank's reserve fund, while the hole had been growing deeper and wider. The discovery finally came, and confronted with a charge of taking the bank's funds, the cashier confessed to a shortage of \$40,000.

Further examination raised this to over \$65,000 and after the officials had unearthed all the worthless items Plain himself pointed out \$22,000 worth of bonds which he said he had sold as investor and carried on the books as the property of the bank.

While the bank has been cutting the coupons and crediting them to the profit account every six months, Plain said he had been paying the amount of the coupons twice a year to the real owners. Plain's thefts are stated by officials to amount to \$67,000. He also shouldered \$2900 of that account bringing the bank's losses to \$90,000.

In his confession of the shortage, Plain attributed his downfall to "unfortunate speculation." His ambition to be a "handled proprietor" in Colorado was the aim of his speculations. He declared he never gambled at cards or bet on horse races.
